 - The new loan amount is limited to the payoff of the present first mortgage, any seasoned non-first lien mortgage, closing costs and prepaids.
 - A seasoned non-first lien mortgage is a purchase money mortgage or a mortgage that has been in place for twelve (12) months. A seasoned equity line is defined as not having any draws greater than \$2,000 in the past twelve (12) months. Withdrawal activity must be documented with a transaction history for the line of credit.
 - Cash to the Borrower is limited to 1% of the principal amount of the new mortgage.
 - If the Borrower has less than twelve (12) months ownership in the property, the LTV/CLTV/HCLTV for a refinance transaction is calculated on the lesser of the purchase price or Appraised value.
 - For homes where capital improvements have been made to the property after purchase, LTV/CLTV/HCLTV can be based on the lesser of the current appraised value or original purchase price plus the documented improvements. Receipts are required to document cost of improvements
 - If the Borrower has owned the property for twelve (12) months, the LTV/CLTV/HCLTV is based on the Appraised value.
 - Released subordinate liens must be paid off and closed to exclude from CLTV/HCLTV calculation.

 - For cash out refinance transactions where the borrower is paying off a loan from a pledged asset or retirement account loan, secured loan, unsecured family loan or replenishing business funds used to purchase the property, the following guidelines apply:
 - Cash out limitation is waived if previous transaction is a purchase.
 - Seasoning requirement for cash out is waived (borrower does not have to have owned property for at least 6 months prior to subject transaction).
 - Funds used to purchase the subject property must be documented and sourced.
 - HUD 1 settlement statement must reflect payoff or pay down of pledged asset loan/retirement account loan, secured loan, unsecured family loan or business asset account; if cash out proceeds exceed payoff of loans, excess cash must meet cash out limits.
 - The purchase must have been arms length.

- **Continuity of Obligation** - When at least one (1) borrower on the existing mortgage is also a borrower on the new refinance transaction, continuity of obligation requirements have been met. If continuity of obligation is not met, the following permissible exceptions are allowed for the new refinance to be eligible:
 - The borrower has been on title for at least twelve (12) months but is not obligated on the existing mortgage that is being refinanced and the borrower meets the following requirements:
 - Has been making the mortgage payments (including any secondary financing) for the most recent twelve (12) months, or
 - Is related to the borrower on the mortgage being refinanced.
 - The borrower on the new refinance transaction was added to title twenty-four (24) months or more prior to the disbursement date of the new refinance transaction.
 - The borrower on the refinance inherited or was legally awarded the property by a court in the case of divorce, separation or dissolution of a domestic partnership.
 - The borrower on the new refinance transaction has been added to title through a transfer from a trust, LLC or partnership. The following requirements apply:
 - Borrower must have been a beneficiary/creator (trust) or 25% or more owner of the LLC or partnership prior to the transfer.
 - The transferring entity and/or borrower has had a consecutive ownership (on title) for at least the most recent six (6) months prior to the disbursement of the new loan.
- NOTE: Transfer of ownership from a corporation to an individual does not meet the continuity of obligation requirement.
- **CONSTRUCTION TO PERMANENT FINANCING**
 - The borrower must hold title to the lot which may have been previously acquired or purchased as part of the transaction.
 - LTV/CLTV is determined based on the length of the time the borrower has owned the lot. The time frame is defined as the date the lot was purchased to the note date of the subject transaction.
 - For lots owned 12 months or more, the appraised value can be used to calculate the LTV/CLTV/HCLTV.
 - For lots owned < 12 months, the LTV, CLTV, HLCTV is based on the lesser of the current appraised value of the property or the total acquisition costs (sum of construction costs and purchase price of lot)
- **DELAYED PURCHASE REFINANCE:**
 - Defined as the refinance of a property purchased by the Borrower for cash within 6 months of the current loan's application date, a delayed purchase refinance requires the following:
 - The LTV/CLTV/HCLTV is calculated based on the lesser of the purchase price or Appraised value of the subject property.

- Maximum interested party contribution is limited to 6% for primary and second home transactions with LTVs <80%; 3% for primary residences with LTVs over 80%; 2% for investment properties regardless of LTV.
- All seller concessions must be addressed in the sales contract documents, Appraisal report, and the HUD-1. A seller concession is defined as any interested party contribution beyond the stated limits, in the above section, or any amounts not being used for closing costs or prepaid expenses (i.e. funds for repairs not completed prior to closing is a seller concession). If a seller concession is present, both the appraised value and sales price must be reduced by the concession amount for purposes of calculating the LTV/CLTV/HCLTV.
- **Personal Property** – Any personal property transferred with a property sale must be deemed to have zero (0) transfer value, as indicated by the sales contract and the Appraisal.  - The Inter Vivos Revocable Trust must be established by one (1) or more natural persons, solely or jointly.
 - The primary beneficiary of the trust must be the individual(s) establishing the trust.
 - If the trust is established jointly, there may be more than one (1) primary beneficiary as long as the income or assets of at least one (1) of the individuals establishing the trust will be used to qualify for the mortgage.
 - The trustee(s) must include:
 - The individual establishing the trust (or at least one (1) of the individuals, if there are two (2) or more).
 - Investor does not allow an institutional trustee.
 - The trustee must have the power to mortgage the security property for the purpose of securing a loan to the party (or parties) who are Borrower(s) under the mortgage or deed of trust note.
 - The mortgage must be underwritten as if the individual establishing the trust (or at least one (1) of the individuals, if there are two (2) or more) were the Borrower (or a Co-Borrower, if there are additional individuals whose income or assets will be used to qualify for the mortgage).
 - **Trust Closing Instructions**
 - Note
 - Each trustee and each individual establishing an inter vivos revocable trust whose income and assets are used to qualify for the mortgage must separately execute the note and any necessary addendum.
 - Security Instrument
 - The trustee(s) of the inter vivos revocable trust also must execute the security instrument and any applicable rider (if used).
 - Each individual establishing the trust whose income and assets are used to qualify for the mortgage must acknowledge all of the terms and covenants in the security instrument and any necessary rider (if used), and must agree to be bound thereby, by placing his or her signature after a statement of acknowledgment on such documents.
 - Any other party that Fannie Mae requires to sign either the promissory note or the security instrument also must execute the applicable document(s).
 - Revocable Trust Rider
 - The use of a revocable trust rider avoids ambiguities for mortgages made to inter vivos revocable trusts by clarifying who is considered to be “the borrower” with respect to any given covenant in the security instrument. If the mortgage is secured by a California property, the seller should use Fannie Mae’s sample rider. If the mortgage is secured by property located in another state, the seller should use a rider that has been appropriately modified to reflect the requirements of that state (unless the seller determines that use of Fannie Mae’s sample Revocable Trust Rider is appropriate for the specific state).
 - In lieu of a Revocable Trust Rider the Seller may either:
 - amend the security instrument to include appropriate definitions and language similar in substance to Fannie Mae’s sample rider, or
 - use the standard security instrument without such an amendment or the rider.
 - Hold Harmless
 - For a mortgage secured by a property located in a state other than California, or in the case of a California property where the rider was not used, the Seller must hold RRAC harmless should foreclosure proceedings later have to be initiated to acquire the property and RRAC suffers a loss that relates either to the modifications the Seller made (or the inappropriate use of the FNMA sample rider) or to any ambiguity in the application of the covenants in the security instrument. In such cases, the Seller must either repurchase the mortgage or the acquired property or make RRAC whole.
 - Signature Requirements
 - Signature Requirements for Notes and Mortgages involving Inter Vivos Revocable Trusts can be found in the FNMA or FHLMC Seller Guides. These include the form of signature for the trustee(s) and the statement of acknowledgment for each individual establishing the trust whose income or assets are used to qualify for the mortgage.

- Leasehold Estates - In areas where leasehold estates are commonly accepted, loans secured by leasehold estates are eligible for purchase. The mortgage must be secured by the property improvements and the Borrower's leasehold interest in the land. The leasehold estate and the improvements must constitute real property, must be subject to the mortgage lien, and must be insured by the lender's title policy. The lease or sublease must be valid, in good standing, and in full force. The leasehold must be assignable and/or transferable. All rents must be current. The lease is commonly for a term of 99 years or more and is usually renewable. The remaining term of the lease must extend a minimum of 5 years beyond the maturity date of the mortgage.
